

Edisto River Currents

Welcome!

Edisto River Friends:

Welcome to our first newsletter for 2011! We're sending this e-newsletter to all our members and contributors and a bunch of other people we hope will want to know more about the Edisto River and Friends of the Edisto (FRED).

In coming weeks, we will be posting more information about upcoming events, including opportunities to get together with other Edisto River friends. You can help by contacting us!

We need to make sure we have your correct contact information, and you can also let us know about others who would be interested in FRED.

We need to hear from you about what's happening on the River, and about your ideas to help on issues like water quality and conserving natural habitat surrounding the River.

The Edisto River is a unique natural resource. To protect and conserve it, we need your help. Please consider becoming a new FRED member, or renewing your membership.

Working together, we can protect our River and conserve its bountiful resources for generations to come. Please join us! See you on the River!

--Tim Rogers
President, Friends of the Edisto

We Need You!

Edisto River Friends:

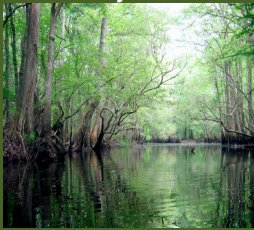

Welcome to our first newsletter for 2011!

FRED is planning to expand and increase our activities in 2011.

FRED needs your support and your membership.

If you are not a current member of FRED, please follow this link to our Website at <http://www.edistofriends.org/>

You can join/contribute by mailing us your check along with your contact information from the website form, or you can use your PayPal account. Just visit <http://www.edistofriends.org/membership.htm> and you will be directed to the membership\donation page.

Your membership is important to FRED because we need your financial support, we need your ideas, we need your involvement with others who care about our beautiful Edisto River. The greater our membership, the greater our voice to advocate on behalf of the Edisto.

Remember, the Edisto needs her friends now more than ever!
